TROPICAL CYCLONE BULLETIN NO. 14F

Typhoon Henry (HINNAMNOR)

Issued at 5:00 AM, 04 September 2022

HAZARDS AFFECTING LAND AREAS
<p>Heavy Rainfall</p> <ul style="list-style-type: none"> In the next 24 hours, the Southwest Monsoon enhanced by this typhoon will also bring monsoon rains over the northern and western section of Northern Luzon and the western section of Northern and Central Luzon. For more information, refer to Weather Advisory #4 issued at 11:00 PM yesterday and the 24-Hour Public Weather Forecast at 4:00 AM today. <p>Severe Winds</p> <ul style="list-style-type: none"> Despite the lifting of Tropical Cyclone Wind Signals, the enhanced Southwest Monsoon, its convergence with the typhoon circulation, and the channeling of winds within the Luzon Strait will continue bringing strong winds (strong breeze to near gale strength) with gusts reaching gale-force strength at times over Batanes and Babuyan Islands today. Occasional gusts reaching strong breeze to near gale strength associated with the enhanced Southwest Monsoon may also be experienced today (especially in the coastal and mountainous areas) over Ilocos Region, Cordillera Administrative Region, Central Luzon, Metro Manila, CALABARZON, Bicol Region, Cagayan, Isabela, Nueva Vizcaya, Quirino, Mindoro Provinces, and Romblon.
HAZARDS AFFECTING COASTAL WATERS
<p>Under the influence of Typhoon HENRY, a Gale Warning remains in effect for the northern and eastern seaboard of Northern Luzon. For more information, refer to Gale Warning #8 issued at 5:00 AM today</p>
TRACK AND INTENSITY OUTLOOK
<p>Typhoon HENRY will continue moving generally northward or north northwestward over the East China Sea and will track towards South Korea, where it is likely to make landfall on Tuesday. Prior to next landfall, HENRY is forecast to re-intensify but is less likely to return to super typhoon category.</p>

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

Unless re-entry occurs, this is the final tropical cyclone bulletin. Succeeding updates on this tropical cyclone will be incorporated in the 24-Hour Public Weather Forecast to be issued at 4:00 PM today.
